

SAP Senior FI/CO Consultant

For our prestigious international customer we are looking for a **SAP FI/CO Senior Functional consultant** to join our team on **FULL TIME contract, 100% Remote Job**

YOUR RESPONSIBILITIES:

- Within the team you will support in designing SAP Finance Application Architecture and consult Business and IT in strategic decision making
- Designing and implementing business processes of SAP FI/CO business processes
- Consulting our customers professionally and technically
- Performing the role of an intermediary between the business and IT
- Configuring, testing and documenting systems as well as functional and technical quality assurance
- Ensure technical documentation standards are followed and complete
- You will support on international rollout projects and AMS Support activities

WHAT WE ARE LOOKING FOR:

- You successfully completed your studies in (economic) computer science or education with a similar background
- You already gained at least 3-4 years of work experience in a similar role
- Proven knowledge in SAP Finance & Controlling (ex AP, AR, AA RE-FX)
- Sound experience in integration with SAP SD & MM Modules
- Analytical, enjoy technology and eager to implement SAP best practices in a B2B environment
- Experience in larger roll-out projects
- Some ABAP skills and coding understanding would be very helpful
- Fluency in English is MUST, Italian language needed (intermediate level)
- Strong analytical and customer-oriented mindset
- Independent and committed way of working as well as ability to work in a team

WHAT WE OFFER

- Enjoy great **work-life balance** through our 100% full-remote job opportunity
- **30 Days vacation** per year
- We invest in **Continuous training & Professional grow**
- Possibility to work on international projects
- Occasional travels could be required (10%)
